

Narrowing Your Topic

Date:

Name:

Narrowing Your Research Topic – Starting with the Facts

1. Do background research to do deep dive into your topic.
Identify factual information from your article: who, what, when and where.
2. Brainstorm the why and how after you have gathered enough information to help form an initial research question.

TOPIC: _____

WHAT?	
WHO?	
WHERE?	
WHEN?	
WHY?	
HOW?
